The screenshot displays the IBM Cognos Analytics with Watson user interface. At the top, there is a navigation bar with the text 'IBM Cognos Analytics with Watson', a 'Learn More' button, a search bar labeled 'Search content', and user profile icons. Below the navigation bar, the main workspace is divided into a left sidebar and a central area. The sidebar, titled 'Data module', contains a search bar and a list of data sources. The first item is 'New data module'. Below it is a folder named 'Global_Su...tore2.csv'. This folder is expanded, showing a list of columns: '# Row Id', '# Row ID', 'abc Order ID', 'abc Order Date', 'abc Ship Date', 'abc Ship Mode', 'abc Customer ID', 'abc Customer Name', 'abc Segment', 'abc City', 'abc State', 'abc Country', and 'abc Postal Code'. The central area has three tabs: 'Grid', 'Relationships', and 'Custom tables'. The 'Grid' tab is selected. In the center of the workspace, there is a large circular icon with a grid and a checkmark. Below this icon, the text 'Preview data' is displayed, followed by a smaller instruction: 'To preview data, select a table, a column in a table, or a folder that contains columns.'

Finally, it's to share your work either through email/pdf to show case your work to other. See the video for understanding more about sharing the work docs.

The screenshot displays the IBM Cognos Analytics web interface. A 'Share' dialog box is open in the center, offering two methods to share the current visualization: 'Send' and 'Link'. The 'Link' tab is selected, showing a URL and an 'Embed code' section with a text area containing an iframe code snippet. The background interface includes a sidebar with 'Cards' (Sales by Region, Order Date by Sales, Profit and Sales by Segment, Data relationships) and a main area with a 'Fields' panel on the right. The top navigation bar shows 'IBM Cognos Analytics with Watson' and 'Data visualization'. The bottom status bar indicates '25°C Haze' and 'ENG 20:00'.
