CROSS TAB

The screenshot displays the IBM Cognos Analytics web interface. The main report, titled "R&D Spend for State and Profit", is a cross-tab. The columns represent states (California, Florida, New York) and a Summary column. The rows represent R&D Spend values. The interface includes a left-hand navigation pane with a tree view showing the data source "50_startups.csv" and its dimensions: R&D Spend, Administration, Marketing Spend, State, and Profit. The right-hand pane shows the "Fields" section with "Columns" (State), "Rows" (Profit), and "# Values*" (R&D Spend). The bottom status bar indicates the user is logged in as "ENG IN" on 9/15/2022 at 4:47 AM.
